

THE BIG RAINSTORM

Clouds are filling up the sky.

The wind is blowing low and high.

Soft raindrops are falling down,

Pitter patter on the ground.

Then the rain begins to pour,

Drip drop, drip drop, even more!

The thunder claps behind the clouds,

Boom, boom, boom, big and loud.

Soon the raindrops will drizzle and slow,

And we'll jump around in puddles below.

The clouds will part to show the sun.

The big rainstorm is finally done!
